Profile

Victoria had a chancery and general common law pupillage with Sebastian Clegg at Deans Court Chambers and thereafter practiced in both chancery and civil work and joined the family team in 2010 in order to develop her financial practice to include matrimonial finance provision.

Victoria has an interest in financial disputes upon relationship breakdown (both cohabitation disputes and matrimonial finance) and claims under the Inheritance Act 1975 and is regularly instructed to advise in such matters as well as representing clients both in mediation and at trials (fast track and multi track).

In addition to the above, Victoria has extensive experience in personal injury work, acting for both Claimant and Defendants. She advises on liability and quantum and appears regularly at interim hearings, disposals and fast track trials.
