Jack joined Chambers in September 2023 under the supervision of Anna Bentley and Bansa Singh Hayer. He applied to Chambers because of DCC's national reputation as a leading set and their strength in his areas of interest.

Previously, Jack was a member of the Counter Fraud teams of two national Defendant Insurance firms where he handled fast-track and multi-track cases for various insurers.

Immediately before commencing Pupillage Jack was legal assistant to Gerard McDermott KC where he gained experience in catastrophic injury, clinical negligence and group action work including working on the civil claims arising from the Grenfell Tower disaster.

During Jack's first six months he will see a range of Court of Protection and Family law.

Jack has an interest in a range of work and hopes to develop a practice with a particular focus on Court of Protection.
